NEW BUSINESS:

- a. Mike Frye
 1. Caliente -In years past, the SXS have done 4 laps. They will still do 4 laps this year. Deal with the other races as they come up.
 2. Mike C wants to change the RS1 to the turbo class. Initially put in the sportsman class. Make the change for 2022.
 3. Blue Light – SXS racers, per the rule book, should be running blue lights. Blue lights are only meant to warn faster vehicles of slower vehicles, it is not a pass for getting hit on the racecourse. RJ is going to announce it at the driver's meeting about the blue light. If excessive nerfing occurs, they need proof and need to notify RJ.
 - b. White Castle, AZ
 - i. Great potential course for SNORE. Need to burn in the course.
